## School Accountability Report Card Reported Using Data from the 2017—18 School Year California Department of Education

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

### About Our School

Welcome back Aspire Tate Academy Families!

On behalf of the staff at Aspire Tate Academy, I am happy to welcome you to a new school year! We are proud of our dedicated, experienced staff and enthusiastic scholars and are excited to partner with you this school year!

As demands and the urgency of teaching our students increase, it becomes more evident that we all need to work together to ensure that our children reach their potential. We believe that all of us – the school and the community – must work together in an extended family environment to ensure success for all of our students. We believe that when we work together and take responsibility to empower our scholars with their creative, intellectual, and decision-making skills necessary for them to become academically, social, physically, and emotionally successful people. With that in mind, you are invited to be an active participant at Aspire Tate Academy. Whether you are a volunteer to help our parent coordinator, a member of our School Site Council, participant workshops or special events, you are encouraged to be involved! Research on schools clearly demonstrates the parent participation in their child's school coincides with a greater likelihood of academic success for their child.

It is our desire to keep you informed of all that takes place at school. You will receive a weekly new sletter and you can always find out what is going on by accessing our Instagram page at [Aspiretateacademy](#). If you have any questions or concerns that arise, please do not hesitate to give your child's teacher or me a call. I look forward to having a long and rewarding relationship with you and your family.

Sincerely,

Taquita Aguilar

Principal, Aspire Juanita Tate Academy

### School Description and Mission Statement (School Year 2018—19)

Aspire Public Schools is a national non-profit 501(c)(3) public benefit corporation that operates high performing charter schools that focus on one goal: preparing urban students for college. Aspire currently operates charter schools at 40 different campuses in various school districts in the state of California and Memphis, Tennessee.

Aspire Juanita Tate Academy Charter is a K-5 grade school in Los Angeles that is part of the Aspire Public Schools network. Aspire Juanita Tate Academy was founded in August of 2011 through Public School Choice. The school has been serving the South Los Angeles community for seven years now and is currently under the direction of Mrs. Taquita Aguilar.

#### Vision

Every student is prepared to earn a college degree.

#### Mission Statement

To open and operate small, high-quality charter schools in low-income neighborhoods, in order to:

- Increase the academic performance of underserved students
- Develop effective educators
- Share successful practices with other forward-thinking educators, and
- Catalyze change in public schools.

The School's mission is to provide all students with an exceptional education that will allow them to excel inside and outside the classroom. The School seeks to achieve this mission by providing students a rigorous core curriculum, a well-trained staff, high standards and expectations, extended instructional hours and support, personalized learning opportunities, and early access to college-preparatory experiences. By ensuring students become voracious, self-motivated, competent and lifelong learners, the School will prepare them not only for college but also for the 21st Century world.

Aspire Juanita Tate Academy Charter is a safe, caring, academically rigorous and inspiring learning environment where students develop the skills, knowledge and traits to become college-educated leaders in their communities. The staff's mission is to provide each scholar with a quality education. The goal is that each student get to and through college. Aspire Slauson Academy staff pledges to passionately inspire and empower all students to reach their full potential and social development. They are committed to encourage and support our student and families to develop a powerful community partnership.

## School Facility Conditions and Planned Improvements

Our school is located on a beautiful and well-kept facility located on Slauson and Main. Our school takes great pride in our facilities and ensures that everything is functioning and up kept. Our building Manager, Fernando Rios leads his facilities team in caring, maintain and beautifying the inside and outside of our facility. Each trimester he walks through the campus to ensure that all maintenance calls have been submitted and followed-up on. We are very fortunate to have a large soccer field and blacktop play area that our students and PE department can use daily. We also have a large multi-purpose room which we call the University Hall. We use this large space for assemblies, daily morning meetings and rainy day scheduled activities. Our staff have secure underground parking as well as beautiful classrooms with the latest technology. We have continued to decorate the school with colorful and inspirational murals for our students and families to enjoy. We look forward to personalizing the campus even more and making our campus an inviting place for our scholars.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

#### CAASPP Test Results in ELA and Mathematics for All Students Grades Three through Eight and Grade Eleven Percentage of Students Meeting or Exceeding the State Standard

Subject	School 2016—17	School 2017—18	District 2016—17	District 2017—18	State 2016—17	State 2017—18
English Language Arts / Literacy (grades 3-8 and 11)	39.0%	46.0%	40.0%	43.0%	48.0%	50.0%
Mathematics (grades 3-8 and 11)	37.0%	57.0%	30.0%	32.0%	37.0%	38.0%

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Students with Disabilities	28	28	100.00%	17.86%
Students Receiving Migrant Education Services			--	--
Foster Youth	--	--	--	--

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Note: Cells with N/A values do not require data.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

## C. Engagement

# State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

### Opportunities for Parental Involvement (School Year 2018—19)

The school recognizes that children learn best when parents are engaged in their education. To help parents and guardians become great coaches for their children and to invite parent participation in all aspects of school life, the school provides various features. Parents are important partners in the education of the students, and their input and involvement is sought and highly valued:

- An open invitation to attend their child's classes.
- Easy, open communication with their child's teacher.
- Proactive communication through various ways: the school sends out ParentSquare messages, weekly newsletters, flyers, robo-calls, and agendas for all parent meetings which are posted a week in advance through ParentSquare.
- Opportunities to evaluate the School and its staff: Each spring, parents are asked to complete a survey evaluating the School, the principal, and their child's teachers. The survey results are reviewed by the School staff, as well as Aspire's Leadership, and are a factor in personnel and instructional decisions.
- Regular communication about student learning and behavior: parents, students and teachers meet at least twice a year during Student Led Conferences to plan and assess the students' learning progress and determine goals. In addition, the School staff will call parents regularly, both to provide positive reinforcement for academic growth and to inform parents when students make choices that do not match the School's behavior and academic expectations.

In addition, the School creates ways for families to invest some time in volunteer service each year. The School provides a variety of opportunities to match different skills and interests with needs. Examples include helping in classrooms, leading extra-curricular activities, coaching sports teams, assisting with event planning, attending field trips, attending various parent meetings (parent workshops, coffee with the principal, SSC), serving on parent committees (such as ELAC and SSC), fundraising, and communicating with other parents.

School Site Council: Aspire encourages all groups to participate in and share responsibility for the educational process and educational results. The School has a School Site Council ("SSC"), which meets regularly, and consists of teachers, parents, and the School Principal. The school's SSC is intended to assist in developing and reviewing school policies, engaging the community, and fulfilling certain compliance requirements related to state and federal funding. The SSC may make recommendations about issues related to the School and participate in reviewing parent and student concerns, community issues, and special projects.

# State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates; and
- High school graduation rates

## Dropout Rate and Graduation Rate (Four-Year Cohort Rate)

Indicator	School 2014—15	School 2015—16	District 2014—15	District 2015—16	State 2014—15	State 2015—16

## School Safety Plan (School Year 2018—19)

It is the policy of Aspire Public Schools (“Aspire”) to strive for the highest safety standards and to provide a safe workplace for all employees and a safe school for all students. Aspire has developed a comprehensive Injury and Illness Prevention Program (“IIP Program”) to achieve this end. The goal of this program is to minimize the frequency and severity of employee and student accidents, and to comply with the laws and regulations that pertain to our operations. The program has been designed to eliminate physical hazards from the work and school environment and train all employees in safe work practices. Aspire Principals have the ultimate responsibility for the implementation and enforcement of the IIP Program at their school site. Aspire Office Managers are responsible for the record keeping and coordination of the safety training programs at their school site. It is the responsibility of all Aspire employees to bring any unsafe actions, practices, or conditions to the attention of his/her manager or supervisor. Students are responsible for their own actions and will have to abide by the consequences, both positive and negative, of those actions. Students are held accountable for their behavior in school and during any school sponsored activity. The staff are responsible for positive reinforcement, consistency, and modeling appropriate behavior, in particular through Positive Behavior Intervention and Supports.

Through Restorative Practices, students learn to be effective decision makers and problem solvers who demonstrate elements of self-direction, responsibility, and self-discipline. This entire process is built on respect with every adult and student viewed as a person who has dignity and worth as an individual. Each school will be a safe and orderly place for our students to receive a quality education. Our students also create Safety and Respect agreements in their classroom that they follow throughout the year. Our school also has school-wide safety and respect agreements that are adhered to across the campus.

DISASTER PLANS- School Safety Plans are written and revised annually, and disaster plans are located in each classroom. Each plan is site and classroom specific and covers such disasters as fire safety, earthquake safety, flood, severe weather warnings, electrical failure, gas line problems, water main breaks, water contamination, chemical spills, lockdown and shooting incidents, bomb threats, explosions, and intruders.

Monthly drills include fire, earthquake, shelter in place, intruder, etc. All drills are held in synchronization with LAUSD Early Education Center as they are on the same site. Debriefs and discussion to improve follow each drill. The School Safety Plan was reviewed, updated and discussed with faculty in August 2018.

## Professional Development

Professional development for the year is determined based upon the specific and differentiated needs of the staff (determined through the evaluation process and survey data), the goals of the organization, relevant student achievement, multiple survey data analysis, and the mission of the school. In-services and workshops for 2016-2017, 2017-2018, and 2018-2019 focused on knowledge and skill building for the CCSS, especially in math, and meeting the needs of ELs and students in Special Education.

Across the organization, equity and restorative practices are major focus areas, too. Teachers also take advantage of multiple offerings in the community through LACOE, LAUSD, educational organizations, other districts, and universities.

Instructional assistants and after school teachers are also encouraged and incentivized to participate in professional development at the site or regional level, and non-teaching staff receive annual training in operational and organizational topics, as well as instructionally relevant matters.

The professional development focus for the 2018-19 school year is a focus on formative data collection throughout all content areas. There is also an increased focus on our math instruction, and professional development for math instruction is provided based on current student data.
